

Firm donates cash to charity supporting community

THE company responsible for refurbishing former MOD homes in Linton-on-Ouse, has made a donation to Boroughbridge & District Community Care.

The donation from Annington will assist the organisation in supporting vulnerable local people with services to reduce social isolation and promote wellbeing.

Located at Boroughbridge Library on St James Square, Boroughbridge & District Community Care aims to help disadvantaged and disabled members of the community by hosting weekly coffee mornings and activity classes, alongside providing transport to medical appointments or minibus outings to places of interest for the older community.

The funds donated by Annington will contribute to the

running costs of charity, including the weekly coffee morning.

Karen Parker, general manager at Boroughbridge & District Community Care, said: "It is so important to provide a safe meeting place for the most vulnerable in our community, including those who may be socially isolated.

"The donation from Annington will help us to run the weekly coffee morning, offering a warm welcome to the residents of Linton-on-Ouse, the surrounding villages and Boroughbridge. It is a place to chat, meet new friends and enjoy the refreshments on offer.

Stacy Whitehead, marketing manager at Annington, added: "We hope our contribution goes some way to helping the most vulnerable in the local community."
