## MOD homes in Ripon, Annington is preparing to launch the final two three-bedroom properties

Following the success of two previous releases of refurbished former MOD homes in [Ripon](#), Annington is preparing to launch the final two three-bedroom properties located in a much sought-after residential area of the city on 13th January.

Before Annington's involvement, the homes were formerly married quarters accommodation connected to the nearby British Army barracks. From first time buyers looking to get onto the ladder to second steppers looking for more space, and downsizers whose families have left home, all buyers have found a place to call home at this vibrant new community development.
