## Rye Farm Meadow Tree Planting – Part 3

Abingdon Carbon Cutters planted 240 trees at Rye Farm Meadow on Saturday 18th, March, with support from Annington, who is refurbishing former MOD housing at Lamborough Fields in nearby Shippon. The trees were provided free by the Woodland Trust, which offers trees to community groups. The tree planting was attended by over 100 volunteers of all ages who grabbed gloves and spades and planted their way towards a greener future for Abingdon.
