

Big milestone at development

A MILESTONE has been reached on a Bordon estate as the 75th resident has moved into The Pines development.

Catriona McGill and her partner, son and dog swapped their one-bedroom apartment in Aldershot for a refurbished three-bedroom home on the development.

Just half a dozen three-bedroom homes remain available at the site where Annington has retrofitted former service properties. For more details about the remaining properties call 023 9226 2447.
